Photos in Events

Greetings to our Esteemed Members and Friends,

As we step into the vibrant month of August, we are delighted to share with you the incredible events and accomplishments that marked the month of July. It has been an exhilarating time for our ICAI Vijayawada Branch, filled with meaningful activities that brought our professional community closer and strengthened our commitment to our society.

Celebrating 75th CA Institute Foundation Day: A Grand Affair

On 1st July 2023, we embarked on a momentous journey as we celebrated the 75th CA Institute Foundation Day with great enthusiasm. The day commenced with a spirited flag hoisting ceremony, symbolizing our allegiance to the principles of our profession. We took this occasion to pay homage to our senior members whose wisdom and guidance have paved the way for our success. Honoring their dedication, we expressed our deepest respect and gratitude.

Embracing Social Responsibility

Our commitment to giving back to society was evident through various activities. We planted trees as a testament to our dedication to environmental sustainability. Recognizing the importance of contributing to the well-being of the community, we organized a blood donation drive that exemplified our commitment to saving lives. As part of our Corporate Social Responsibility (CSR) initiatives, we extended our helping hand to needy children, underscoring the noble values that our profession stands for.

Walking Hand in Hand: A Unity Walk

In a unique display of unity and camaraderie, members and students of our esteemed profession joined hands for a memorable walk. This walk not only promoted a healthy lifestyle but also reflected the strong bonds that tie us together in our pursuit of excellence.

An Evening of Grand Celebration

The culmination of the 75th CA Institute Foundation Day was marked by an evening of grand celebration, where members came together with their families to rejoice in our collective achievements. The festivities were a reminder that our professional journey is enriched by the support and understanding of our loved ones.

Guru Pournima Celebrations: Honoring Our Mentors

On 3rd July, we paid tribute to our invaluable mentors through our Guru Pournima celebrations. Our faculty members, who tirelessly guide and inspire us, were honored on this day. Their guidance continues to shape the minds of future chartered accountants, and their contributions are truly cherished.

Annual General Meeting: A Fruitful Convergence

On 27th July, our branch conducted its Annual General Meeting (AGM), and we were heartened by the attendance of our members. The AGM provided an opportunity for us to reflect on the past year's accomplishments and chart the course for the future. Your active participation reinforces our collective dedication to our Branch growth.

As we step into August, we are planning a lot of programs for the Members and Students, we request each and every one actively participate all the events, we are invigorated by the memories and achievements of July.

We remain committed to fostering an environment of collaboration, learning, and growth within our professional community. Together, we shall continue to uphold the values of the CA profession and create a lasting impact on the world around us.

"The Happiness of your life depends upon the quality of your thoughts" JAI ਮੀਟਰ ! JAI ICAI

CA Role in General Insurance

CA Raghavendra Prasad Mandava.

By B.Com., FCA, DISA,AIII.

Past Chairman of Vijayawada Branch (2018-19)

Co-opted Member of Students Committee of SIRC of ICAI (2023-24)

I am a FCA and an Associate Member of Insurance Institute of India (III, Mumbai) besides Life Member of the Insurance Institute, Machilipatnam Branch, was an Associate Member of the Indian Institute of Insurance Surveyors & Loss Assessors (A.I.I.I.S.L.A., Hyderabad), Had License initially from the Controller of Insurance, New Delhi w.e.f December, 1988 and later his successor the Insurance Regulatory and Development Authority of India (IRDAI), Hyderabad upto December, 2013.

GENERAL INSURANCE & THE ROLE OF CHARTERED ACCOUNTANTS:

A Chartered Accountant is well equipped to play different roles in General Insurance Industry.

1. CA Sri N. Rangachary was the first chairman of The Insurance Regulatory & Development Authority. (later the Name changed as the Insurance Regulatory and Development Authority of India).

Under his able stewardship,

I.R.D.A. formulated regulations for the insurers, regulations for protection of policyholders, regulations for Surveyors etc., and made a mark of reforms in the liberalized era as distinguished from the controller of insurance administration of public sector general insurance companies formed after Nationalization on 13th May 1971 w.e.f. 1st January 1973.

- 2. President of Institute of Chartered Accountants of India is an ex-officio member of the I.R.D.A.
- 3. A CA can discharge different functions in an Insurance Company viz., Finance, Audit, Underwriting, administration and other departments.

Eg: In 0212 t Sri G.P..Rao ,the the Chairman cum Managing Director of the Oriental Insurance Company Limited was a CA. Many CAs worked/working inInsurance companies in Operational Areas as Divisional /Regional Managers besides being in Accounts, Finance, Taxation, Investements, Shares Departments

CA Sri Hari Hara Sarma was the Divisional Manager of the Oriental Insurance Company

Limited, Gudivada Divisional Office. There are more than one CA's in the Machilipatnam

Divisional Office of Life Insurance Corporation of India.

(Insured Property (building) is insured by the insured (LIC). LIC insured its building with OIC. Here, LIC is the insured. Building is the property insured. OIC insured the LIC building.)

- 4. A CA discharge his duties as Internal Auditor and Statutory Auditor of Insurance Companies.
- 5. A CA can act as Surveyor (for which ICAI gave general permission to practicing CA's to act as Surveyors and to become members of Indian Institute Insurance Surveyors and Loss Assessors), Investigator, Salvor, Loss Preventor, Actuary.
- 6. A CA can act as Insurance Intermediaries viz., Agent, Broker, Third Party Administrator.
- 7. A CA can act as Arbitrator between the Insurance Company and the policyholders to resolve disputes about the quantum of loss.
- 8. Last but not the least, a CA in practice can advise his clients and similarly CAs in Industry can advise their managements regarding selection of policy, need for insurance, legal requirement of insurance, adequacy of insurance, scope of risks to be covered, limitations of policies, measures for improvement of both physical hazards and moral hazards in order to minimize the loss occurrence and to earn resultant savings, discounts on premiums particularly he can draw cost benefit analysis under different plans of different polices of different companies more particularly in the detarif age effective from 1st January 2007. In a nutshell, a CA can give VALUE ADDITION to his clients.

In order to help a CA to advise his clients, all related important information, in brief, given in the following Annexures:

Annexure No. Description Page No.s

1 Origin, Development and Present Status

of Insurance 32 Risk & Theory of

probability 4,5

- 3 Fundamental principles of Insurance:
- (a) Utmost Good Faith
- (b) Proximate Cause
- (c) Insurable Interest
- (d) Indemnity
- (e) Subrogation
- (f) Contribution 6-12

Tips to Lower Your Blood Pressure

Controlled blood pressure lowers your risk of heart attack and stroke. Medication is only one option for lowering high blood pressure. Try these tips and you may see results in as soon as a few weeks.

Know your numbers. The best way to know your blood pressure numbers is to have your doctor check. If your pressure is 140/90 or higher, you have high blood pressure. In certain conditions, your doctor might suggest that you aim for lower blood pressure levels.

Monitor your pressure at home, if your doctor suggests it. Ask your doctor to recommend an appropriate device. Once you have it, ask your doctor to show you how to use it correctly. Take readings at the same time(s) each day, but don't take them right after waking up or within 30 minutes after eating, exercising, smoking or drinking alcohol or caffeine. Write your readings down and share them with your doctor at each visit. Bring your device with you, too, so your doctor can make sure it's working properly.

3 Make changes to your diet. Aim for 1,500 mg of sodium a day. Check food labels for sodium content. Try to choose foods that have 200 mg or less of sodium per serving. Limit high sodium items like soy sauce, salad dressing, lunch meats and prepared foods. Include Dietary Approaches to Stop Hypertension (DASH) in your diet—DASH suggests that each day you eat: at least 4 servings each of fruit and vegetables; 2-3 servings of low-fat dairy products; and no more than 171 grams of lean meat.

Lose weight. Losing as little as 10 pounds can lower your blood pressure. Talk to your doctor about an eating plan, such as the DASH diet, tailored to your needs.

Exercise regularly. Physical activity has many benefits. Aim for at least 30 minutes of planned physical activity 5 days a week. Find ways to increase your physical activity—use the stairs instead of the elevator, take a walk instead of watching TV.

Stop smoking. The nicotine in tobacco products can raise your blood pressure by as much as 10 points for up to an hour after you smoke. Ask your doctor for help quitting. Avoid being around others who smoke.

Watch the caffeine. Not everyone's blood pressure is sensitive to caffeine. If your pressure increases by 5 to 10 points within 30 minutes of drinking caffeine, you may need to cut back. There is a lot of caffeine in coffee, tea and some sodas.

Reduce stress. Identify sources of stress in your life and consider what changes you can make to reduce stress. Try a stress-reducing activity, such as tai chi, yoga, meditation or deep-breathing exercises.

Limit alcohol. Drinking too much alcohol can raise blood pressure and reduce the effectiveness of blood pressure medications. Limit alcohol to two drinks a day for men and one a day for women. A drink is 355 ml of beer, 148 ml of wine or 44 ml of liquor.
